[If you see a patriot in the clutches of the boys in blue on Wednesday DO NOT LET THEM TAKE THEM](#)

posted 7 days ago by [KimJung-Un](#) ([edited](#)) +2864 / -6

WE have to be the ones who pull our people back in and make the police understand THEY are supposed to be on our side. You see them pulling people out of the front lines, don't dare let that person go.

Who knows what the DC police are scheming and you can bet the house they are scheming. We HAVE to stick together. THIS IS THE TYPE OF ENERGY WE NEED TO BE IN DC WITH.

This is it ladies and gentlemen. DO NOT TRUST THE POLICE AND DO NOT LET THEM TAKE FELLOW PATRIOTS INTO CUSTODY. AND REMEMBER, TODAY THEY PROTECTED BLM/ANTIFA IN OREGON. THEY *STOOD* WITH THEM WHILE THREATENING, HARASSING AND ASSAULTING OUR FELLOW PATRIOTS. REMEMBER THIS!

Last time the DC police led some of our patriots right into the arms of hoards of blm and antifa which ended in serious assault. This is the type of trash we are dealing with.

EDIT: to all the shills out there trying to demoralize on this post. Go fuck yourself. Nobody is advocating to assault police. This is about self defense in a city where the swamp will do anything it can to incite violence. This is the reality. Accept it or don't bother helping. I'm dumbfounded by the "do as you're told" people commenting here. We've been doing that, all it's done is given the swamp total control. If you're a police officer reading this understand it's not about you, but the institutions you work for that are run by tyrants. Either a constitution exists or it doesn't. You and your fellow officers need to choose a side. And it shouldn't be antifa like your colleagues did in Oregon yesterday.

Arrests of patriots should be next to nothing if handle this right, but citizens arrests on the police will be necessary.

If they try to arrest, patriots need to make sure that shit doesn't fly.

Make a note that DC is wired up with cameras. They are everywhere, also that communications from any electronic device can be intercepted. Use VPNs, use encryption everywhere you can. Keep in mind your phones and other electronics including bluetooth headphones with a microphone can pick up your every word.

Lastly, many devices including phones contain GPS so they can track people anywhere. The chips on your credit card even can be read passing through a strong enough device like 'anti-theft devices' in and out of stores.

All of these devices are no more secure than our voting machines. Be safe with your communications.

Pen and paper in a room with no video devices might be smart to communicate in if things get really bad.

"citizen arrests on police will be necessary"?? either you are antifa trying to instigate a messy conflict between pedes and the police, or you are just a total retard. There is no "citizen arrest" on police. you will get shot if you try

it, and stupid pedes will shoot back and this whole thing will be stopped in its tracks the next day by society and media as a whole. nice tricks, antifa. Trump supporters are on the side with law and order. If you break away from that, you don't have a lot of arguments left.

If you agree with individual police officers or not, doesn't warrant any resistance against the law. If you start resisting or making "citizen arrests" of police officers, 1. you will cause nothing but trouble for the trump movement and 2. you will be actively taking a stand against law and order, which is contrary to what trump supporters have been working for the last 4 years.

Are you really going to make a fuss if police officers tell you to clear an area, after you've been saying "just comply bro lol" to black people resisting arrest and getting shot? I think the anti-police sentiment on this site lately, is antifa schemes.

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)

No. The anti police sentiment comes from watching the police assault patriots in several cities over the past month and half including Salem just a day ago. Either YOU are actively ignoring this reality or you yourself are a cop and are ignorant to it.

Just yesterday they defended blm/antifa while gutting our guys. You didn't even bother looking at that did you? I guess you didn't see patriots stomping and spitting on the blue flag either once they saw what the blue is all about these days. Wake up.

I am from europe. I don't believe you are antifa, but if you think violent conflict with police is going to help you in any way whatsoever, you are wrong. When npcs in my country talk about violent trump protests, I can whip out 15 videos and articles that clearly show trump supporters are non-violent law abiding citizens and that the left is indeed the violent rebels. That is one of your main arguments. When normies see that leftist riots end with burnt down neighborhoods but trump supporters leave the streets cleaner than when they got there, that makes normies question the whole msm-narrative.

If you start clashing with police and potentially getting someone killed, the news over here are going to love it.

You're from Europe now it all makes sense. Where in my post do I advocate for violence against the police? I wrote about self defense which is a concept Europeans don't understand.

Your videos and articles are meaningless. We are headed to Capitol Hill because the President of our nation called on us as we are on the cusp of living like YOU. None of us want that.

YOU did nothing to prevent your situation and now you're trying to tell me, an American, to NOT defend myself or my country.

Read my post again. I am not advocating for "clashes with the police". But maybe if YOU and your people would have gone out to the protests held there and defended each other from the state, you wouldn't have your life run my communists and refugees running rampant causing all sorts of problems. We are not going to riot and burn anything down. We are here to protest legally. Self defense is not a crime here. Fuck the news here and over there. I could be petting puppies and feeding homeless black people with a Mexican wife and they'll call me a racist. You handle your business there, we will handle ours here.

Don't lecture me on what I need to do to keep my nation from looking like your continent.

If anyone has not yet watched tonight's little incident between patriots and the police... watch the video...

DO NOT LET THEM PUSH YOU BACK DOWN A STREET. DETACH FROM THEM AND GO THROUGH NEARBY ALLEYS BUT DO NOT COMPLY WITH THEM PUSHING YOU AROUND OR BACKWARD. Simply disengage and MOVE.

FLANK THE LINES. Use alleys - ALL cities have them. Use them. Go in circles around the blocks. Part of civil disobedience is being UNGOVERNABLE. BE THE MOST ANNOYING THING TO TRY TO MANAGE IN THEIR LIVES.

WASHINGTON DC BELONGS TO WE THE PEOPLE. IT IS NOT SOME SPECIAL THING THEY CAN KEEP FROM US.

Anti-Riot techniques are geared toward breaking up groups of people into smaller more easily managed groups. Tear gas is one of the main ways of doing this, effectively closing off areas by making the area uninhabitable (a violation of the 1925 Geneva Protocol, they should be subject to arrest)

By pushing people down a street in one direction they will be attacking the morale and the fortitude of those involved. Simply do not play their game - exit the area as a group and move around them to the next block.

A good reason to have a paper map. If they push, it will be away from the Capital building, or straight into Blantifa. Disengage and find another route to where you want to be.

Consider Body cams, phones that record, hearing protection, gas masks, face protection

Feel free to share it, or some more eloquent version of it, between now and upcoming events.

Because I un-ironically write that *solely* out of love for my fellow Americans and a genuine appreciation for the role that law-, life- and liberty-protecting law-enforcement officers can, do, and should play in a peaceable and decent society.

In the best of times, there are bad apples in and among the ranks of law-enforcement who need to be weeded out *as soon as possible*, before they hurt and harass innocents, and sow the seeds of corruption.

My concern *now*, however, is for the many decent men and women in blue who know that they *don't* want to do the bidding of tyrants, or be sacrificed in the name of tyranny. But they've likely seen firsthand what their calling has recently been perverted into, and now fear they'll be pulled into an even more wicked and destructive and dangerous role, very soon.

My three-word answer: Covid Nineteen Coronavirus

Cough, cough. Getcha some.👍

Two week quarantine, and then it'll be safe to return.

In America, a law is required to be constitutional. If they don't abide by it, then it is not law. Law enforcers my ass. The only thing they enforce is dictatorial edict. So if the badges won't question it or step down, then it is constitutionally the citizens' right, no..... It is their *duty* to step in..... And with several million stepping up to the plate, better step off or get stepped over.

After years of backing the blue narrative, I think alot of pedes still find it hard to split from this and accept the police will need to suffer the consequences of their actions.

Conservatives in general don't want violence, and certainly not violence against the people that are there to protect us. The same people that go after drug dealers, rapists and murderers.

But the truth is, the police only protect the higher ups, the people that pay them. They don't go after the higher up rapists and murderers.

Do I want violence against police. No, but it will become inevitable if they continue to protect the corrupt elite class.

"We are/were just following orders" is NOT A VALID EXCUSE.

I don't know what's happened to them. They went from understanding what a politician is and being the middle man between pure corruption and us citizens. They were the ones who kept the balance. There are some PDs that have always been extremely corrupt like DC, LAPD but generally speaking it's always been a balance.

2020 has shown me they don't care anymore. All they care about is doing exactly as they are told without consideration of any constitutional violations.

DC cops do not deserve an ounce of respect. Their badge earns them none. They gave their authority away the moment we had to roll into their town to fix that steaming pile of shit.

They don't take a patriot. If they use force, use force back. There will be a sea of us.

That was the plan, and the disgusting reality.

If DC cops thought it was lawless and depraved, there are whistleblower laws.

If they *didn't*, and don't, employ that avenue, they are 100% complicit.

Thank you for this post.

Look at what happened to the Proud Boys today in Portland. Cops shot them with tear gas balls and threw smoke grenades at them. They even arrested one of them. They protected antifa.

A couple months ago, the Proud Boys... proudly... stood up for law enforcement when police were being attacked and murdered by communists. Now, the police have betrayed their fellow Americans for what I can only presume are paychecks and pensions.

I have always been an ardent backer of law enforcement. I used to sneer at those who even hinted at "bad cops." But this past month broke something in me. Watching police betray those who defend them; marching patriots into harms way- on purpose; failing to investigate election fraud... it's too much. 2 months ago, I laughed at the defund

the police nonsense. Now, I think: "well, why the hell not? They're actively against us? They're not really doing anything. Who will defend us? US!"

Couple all their crimes against us with the fact that they're the ones who have contributed to the shutdown of small businesses without hesitation. They don't even question it. Just do exactly as they're told. No remorse, morals or second guessing. Arresting mother's for not wearing masks at their kids football games. I'm tired of them.

Please, God. Be with these pedes. Guide them in a peaceful manner that they may deliver the message, Oh Lord. Let there be love. Love of life, love of Liberty, and love, my God, Love for you. The People of this ideal, the Americanists, choose not to succumb to the will of the Defiant Angel, and his Evil Dominion, surrounding us and pressuring us to defy as well, O Lord. For we know, that thy Kingdome, Almighty God, is here as it is in Heaven. For we know only the Righteous and the Meek shall be lifted into the positions from which to best serve thy will. And this will is just and pure. Not soaked in fear and spouted with anger and hate from the tongues of the wicked. Please help these pedes walk in the steps of your Son, O Lord, Jesus Christ, our Savior. His was and is the way and the light. In the name of the Father, the Son and the Holy Spirit. Amen.

If the DC police try to take any of our people into custody unlawfully, use gang tactics to rush them, stripe them of all equipment and uniforms. Then cuff them with their own cuffs and let them go. Let then keep their under wear, shoes, & jackets (if its cold) Keep their weapons and tactical gear! We will have the numbers. Do no harm to them until they open fire! Then all bets are off! Deal with them as you would hostel enemy combatants! This is simple ROE to save the republic, president and keep the blood shed to a minimum in DC! If we use our power of numbers we can win this fight! Remember we are the rightful owners of Washington DC!

My anti police sentiment comes from watching them do something egregious on a daily basis now. Every single day there are multiple video releases of cops "JUST DOING THEIR JOBS".

Just doing their jobs is going to be what they say when they are coming to take you for your mandatory vaccine or when they are rounding you up for being a Trump supporter.

I have supported them as much as anyone but have just in the past weeks become certain that the vast majority of them will do exactly what they are told to do to you, to me and to our children.

Do not be naive and hold out belief that these men and women will magically put down their badges and join us or Antifa, they are the establishments forces and as long as they are controlled by leadership that does the bidding of the other side, they will remain loyal to their leadership. Simple as that. There will be no great police awakening.

There may be some without the stomach when it gets ugly but by and large they will break your fucking neck if they are told to and they will allow you to throw fireworks at them and spit on them if they are told to and they will say "I am doing my job".

I am sorry if you are offended but this is what I see happening and will not convince myself of a false reality.

In war, the one's with the same uniform are on your side, the others are not. You do not wear their uniform. I do not wear their uniform.

I think he's just saying we don't have the element of surprise. Unless, of course, shit pops off a day or two beforehand. Or it actually isn't a bbq, and it gets real sideways. I think they expect 5-10 ppl using their arms, but they won't know what to do with anything over 500 shooters, imo. I think most ppl won't shoot, just carry.

We are owed a republic as provided in the Constitution for the united States, 1781.

What we have is a democratic oligarchy form of government, mob rule led by the supreme powers of communism and corruption.

We THE People = the republic.

Govern/ment = control/of the mind.

We are God-fearing and self-governing.
